

To Our Valued Clients:

At **Kensington Traveler Services**, the health and safety of our clients is always top priority. As the coronavirus situation evolves, we want you to know that we are working hard to stay up-to-date on all the facts so that we can help address any of your travel concerns. We're here to help you travel smarter. We are also in constant contact with our suppliers (i.e. airlines, hotels, tour operators and cruise lines) to understand their latest policies and terms to benefit all of our clients whose travel has been impacted.

Many of our clients are continuing with their current travel plans or adopting a "wait and see" approach for future trips. We are happy to talk through any concerns you may have so you can make the best decision for you and your family.

Talk to us about ideas for booking a spring, summer or fall vacation. Many travel providers have great value-added offers and have introduced flexible policies in the event your plans change. We can assist you in finding an alternate vacation destination or moving your trip to a later time.

Whether traveling domestically or internationally, we strongly recommend you purchase travel insurance at the time of booking for an additional layer of protection . Only certain "cancel for any reason" policies will allow you to cancel your trip without a specific incident.

No matter when or where you are traveling, having a trusted travel advisor can give you peace of mind. As always, we appreciate your business and are here to serve you. If you have any additional questions or concerns, please don't hesitate to reach out.

Thanks,

Cindy
